

Our Shipping Season is now over for 2013

Thanks for your support and see you in 2014

Ordering Instructions

Updated 06/25/13

Print off page 2 and (if needed) page 4, fill out and mail in with a check or money order.

We are usually very generous with extras on orders booked for shipment later in the season and you have a better chance of getting what you want on the limited varieties.

If an item show that it is OUT or SOLD OUT, Please check back as we might have availability later in the season and will re-list it.

If you want to pay with paypal, simply email us with what you want including shipping address and requested ship date. We will send you a paypal invoice. You do not need a paypal account to use a credit card. We are not able to take orders over the phone at this time, Thanks for understanding. **Please**, if you don't hear back from an email, try again.

Please note: **We Do Not sell roots**, only slips. Slips will not be ready any sooner than the first part of May and due to the unusual cold weather this season, may be a bit longer this year depending on the variety. Not all varieties are created equal when it comes to producing slips. We grow our slips under natural conditions and do not typically grow them in a heated greenhouse and just can't get them any sooner.

We are not certified Organic, but use natural growing practices. None of our Sweetpotato varieties are GMO's.

We are not set up to take large orders as we consider ourselves a sweetpotato variety conservator and not a sweetpotato plant mass marketer. However, we do have a section for wholesale plants <http://duckcreekfarms.com/pdfs/SweetWholesale13.pdf>. Only the varieties listed are the ones that are available at those prices. Anyone may order from this section as long as they order the minimum of 500 plants.

Wholesale plants are shipped UPS and will need a physical address. Regular orders are only shipped USPS.

Plants are sent as bare root slips and typically do not have much roots. This is perfectly normal and will produce roots fast once planted and kept moist for a few days. Do not let them dry out. We will not be responsible for plants not properly handled after receiving. If you have a problem with an order, please email us within 24

hours of receiving. Please remember that sweetpotatoes like it hot, so planting before the soil warms up to about 60 F. could cause stunting and failure. They shouldn't be planted any earlier than you would plant peppers, eggplant or squash.

Shipping is over for 2013 see you next year

We Ship Sweet Potato Slips/Plants

We cannot ship to you if you live in Alaska, Arkansas, Florida, Hawaii, Mississippi, or South Carolina. If you live in these states, please do not order sweetpotato plants. We do not ship outside the continental US.

Sweet Potato Slip Prices.

We are not set up for large orders this year. Our primary focus is to supply home gardeners and small market growers looking to trial unusual varieties. If you are looking for larger quantities of a particular variety, we need to know a year in advance so we can plant enough stock.

Please order a minimum of 5 plants per variety Slips are sent bare root or as unrooted cuttings. Shipping is by priority mail. (regional rate boxes) Minimum Order is \$12.00 not including shipping Please email first if you would like to order more than 50 plants of one variety on the regular list to make sure we have enough.

Shipping and Handling (See Chart below)

Shipping season begin after May 7, 2013 and continues until around June 30th or later depending on availability. Please allow up to two weeks from the time we receive your order and shipping.

We take Check or Money Order for payment. For your convenience, we can take paypal if you need to use a credit card. Please email your order and we will send a money request.
